

EASY INSTALLATION

Upgraded Mounting Kits,
easy installation.

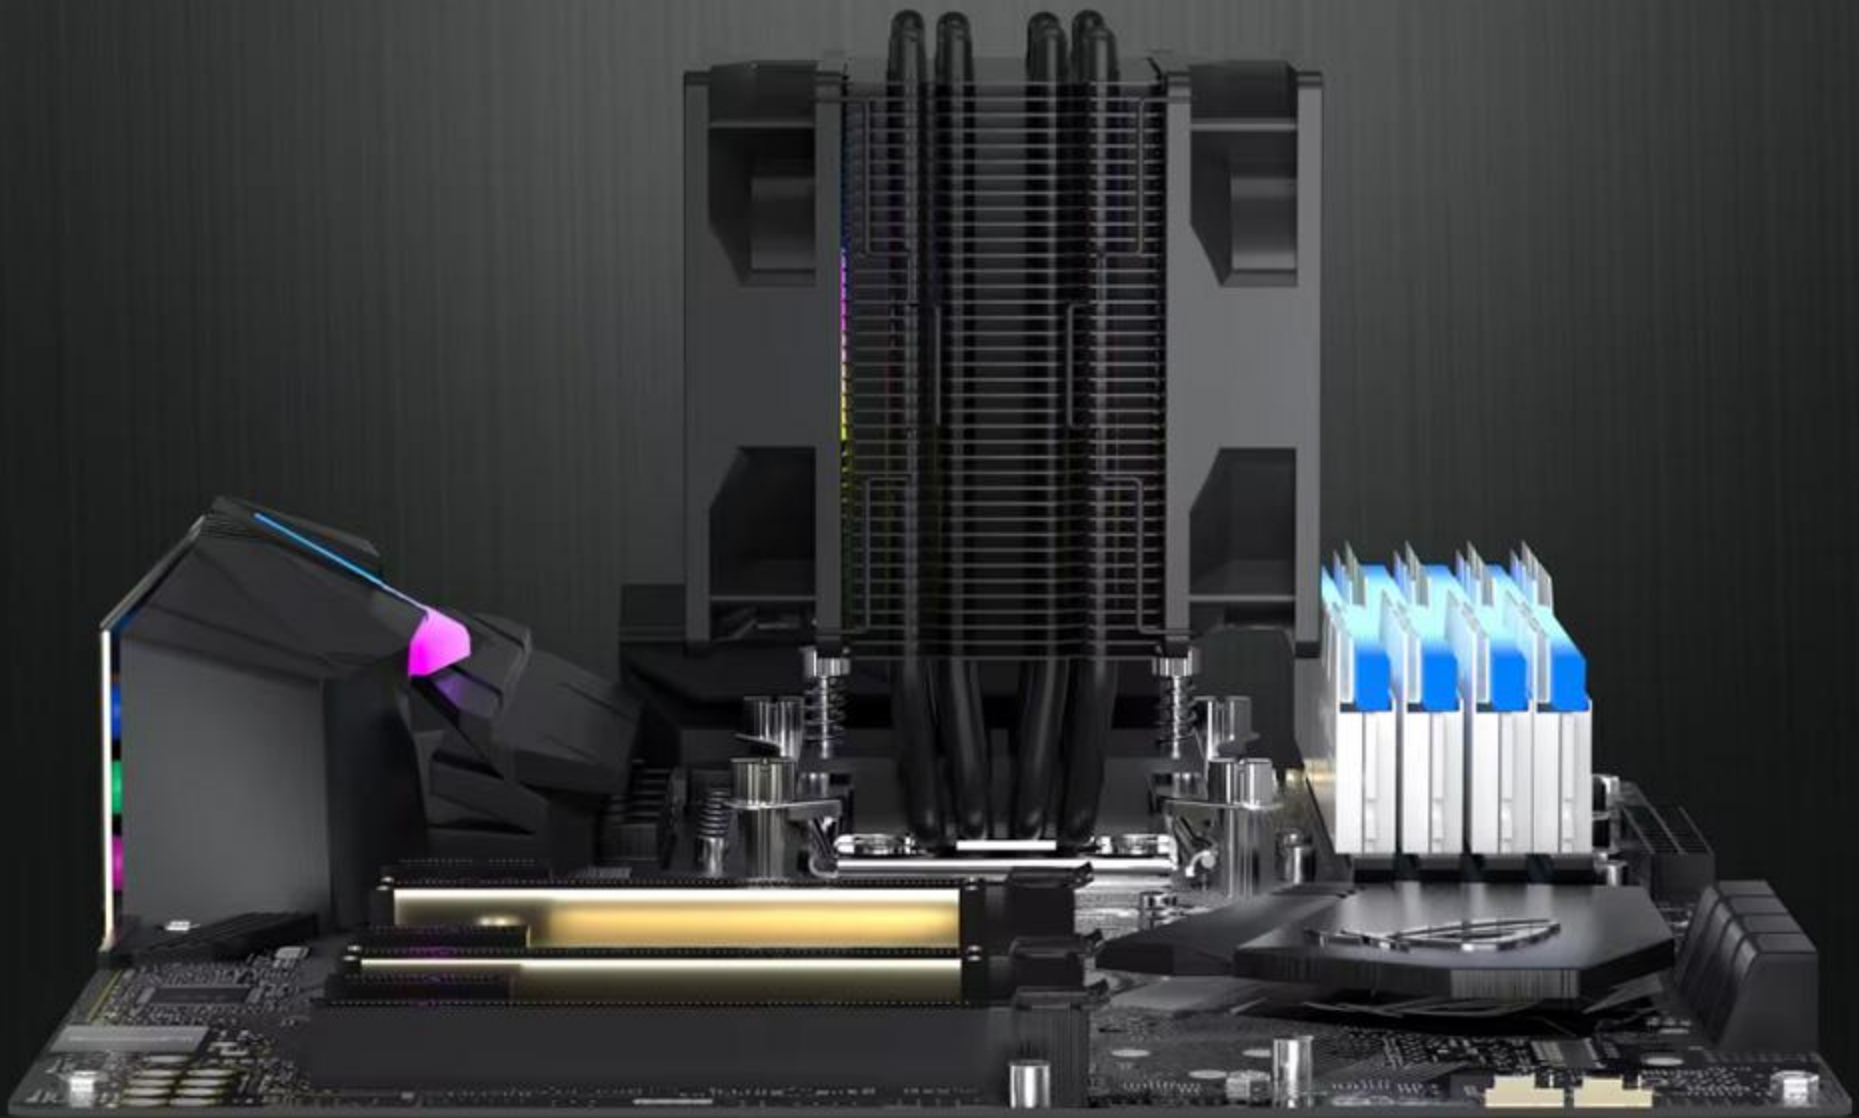

UNIVERSAL COMPATIBILITY

The design of the cpu cooler provides excellent memory compatibility, upgraded mounting kits support **Intel LGA1700** and **most Intel and AMD sockets**.

Intel LGA:1700/1200/1156/1155/1151/1150/775

AMD: AM4/FM2/FM1/AM3+/AM3/AM2+/AM2

DUAL PWM FANS

Equipped with **dual 92mm PWM fans**,
work in **push-pull-configuration** to quickly
conducts the heat of the CPU.

EXCELLENT COOLING EFFICIENCY

4 x Ø6 mm direct-touch heatpipes and an optimised heat sink design will dissipate CPU heat with maximum efficiency.
